Announcements

Availability of meeting rooms

The demand for meeting rooms is expected to exceed the capacity of the conference premises and priority will be given to meetings directly associated with the negotiating process. The secretariat appreciates participants' understanding in this connection. Meetings will therefore only be confirmed at the earliest one day prior to the requested meeting taking place.

Use of audio/video recording devices by participants at UNFCCC sessions

The making of audio and video recordings, including any external transmission, by Party or observer organization delegations during open and closed official meetings and in designated security zones is not permitted. The secretariat provides audio recordings of official meetings, as required by Parties. Webcasts are provided for open plenary meetings.

- Meditation room** A room for meditation and prayer is available to participants and is located in Cancun Messe, Hall D, and also in the "Meditation Garden" which is located on the beach stretching between Maya (Sunrise) and Nizuc Media Center.
- Webcasts of the sessions** For the duration of the sessions, all official meetings and press conferences will be available live and on-demand, with English or floor audio streams. On-demand files will be available shortly after the close of each meeting.
- Online Services@Cancun** Besides classical website information on <unfccc.int>, the secretariat is offering the mobile version of the UNFCCC website <mobile.unfccc.int> and the official **iPhone/iPad** application 'Negotiator' for the conference.
- Using the iPhone/iPad application 'Negotiator', users can:
- get logistical information about the conference (directories, venue maps, etc.);
 - read the latest documents, agendas and meeting information;
 - view the latest YouTube videos and photos from the conference;
 - join the conference via the Facebook and Twitter channels.
- Please note: The iPhone/iPad app, 'Negotiator' can be downloaded FREE via iTunes app store.
- The secretariat is offering a special online reporting service to the media. On a daily basis, an online video will be made available on the website <unfccc.int> summarizing the secretariat's daily press briefing. This video can be viewed and downloaded for Podcast. The secretariat is encouraging online media to link to the online video. All videos can be found on <YouTube.com/climateconference> and iTunes.
- Community tools, such as Facebook, Twitter and Flickr will allow to participate and to respond to the conference in Cancún. All links can be found on the Cancún conference page on <unfccc.int>.
- Blogger's Loft** A special support area is available to participants who need a fixed Internet connection in order to upload multimedia content to the web, blogs and social networking sites. The "Blogger Loft" on the upper level of the Cancunmesse provides workspace, power and fixed Internet connections for a limited number. The blogger's loft is prioritized for those working with multimedia content. Participants needing only access to the Internet for email or office purposes should utilize the computer centres or wireless zones.
- The Blogger's Loft is part of a pilot project by the UNFCCC secretariat with the United Nations Foundation that seeks to explore options for the participation of new "digital media" both physically and virtually in the UNFCCC process. During the Conference, all online media and bloggers using the Blogger's lounge will also be able to attend a series of interactive "digital media conversation" events to be held in the Desierto Press Conference Room in the Cancunmesse starting on Saturday, 4 December. Watch for the schedule in the Daily Programme.
- First Aid** Medical services are located in Maya (Sunrise) and Nizuc Media center.
- Credentials** "Credentials of representatives, alternate representatives and advisers shall be issued either by the Head of State or Government or by the Minister for Foreign Affairs." The counter cannot manage large volumes, but will assist in changing the range of documents. Organizers of Exhibits are requested to display and distribute documents at their Exhibit booths.
